Male vs. Female Enrollment

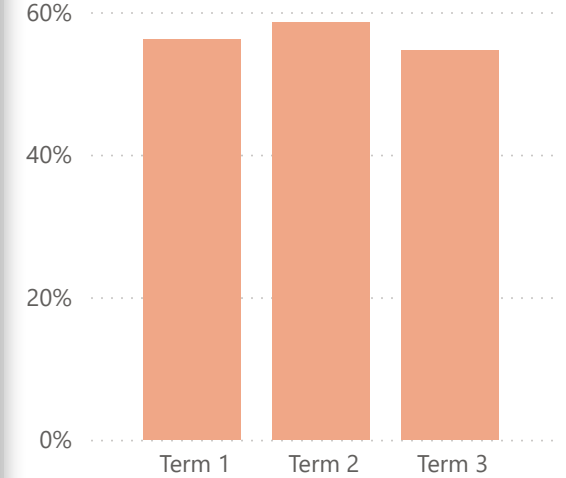

Internet access availability

Gender Enrollment Gap by term

Average Exam pass rate by Term

- Term 3 shows a steep decline in performance
- Schools without internet availability showed a relatively lower performance, with average pass rate around 40% - 55%, with a few exceptions (Cape Coast SHS, Fijai SHS, Keta SHS, and Koforidua Secondary Technical)

- Gender enrollment gap widens across term
- Schools with internet availability shows a relatively higher performance, with average pass rate around 80% (exceptions: Anloga SHS, Goaso SHS, Juaben SHS, Navrongo SHS, Nkoranza SHS, and Wa SHS)

Damongo SHS	24	4.23	9
Nalerigu SHS	23	3.57	7
Anloga SHS	20	3.77	8

Funding Per Student by region

Average infrastructure score by region

Oti is the most under resourced region, with GHC 123 funding per student, and an infrastructure of 3.2, suggesting a correlation between low student funding and low pass rate, as seen with Dambai SHS.

Schools with fewer than 30 qualified teachers and infrastructure scores below 4.0 including Anloga, Nalerigu, and Damongo, represent the most critical cases for immediate intervention
